***What is the Iowa School Performance Profile?***

By W-G Superintendent  
Brad Anderson

## Letter from the Superintendent

The Iowa School Performance Profile website is a direct response to Iowa's compliance of the newly authorized federal Every Student Succeeds Act. The reports available within this site show how school districts, school buildings and the State are performing on important indicators. The site is intended to inform educators, parents and education stakeholders and to enhance local conversations about strengths and challenges as we work collaboratively to improve outcomes.

There are three categories that schools could be placed in based on student performances in various outcomes. The **MET** is the best level and simply means that the local school District and building have met all the defined criteria of ESSA. **TARGETED** is the second level and makes the District aware that a particular building has not met portions of the designated criteria. **COMPREHENSIVE** is the least desirable rating and demonstrates a more significant need for school buildings to ramp up efforts in the various areas of the report.

At Woodward-Granger all buildings but the ELC and Elementary have met targets. The ELC and Elementary fell short on growth targets for students who live in poverty and students with Individualized Education Plans. This simply means that the growth in these subpopulations did not meet the states standard measurement of growth. Because of this Woodward-Granger will create a comprehensive plan that addresses the growth needs of each of these subpopulations. This plan will be completed by May of 2019 and implementation will resume immediately on a three year cohort cycle. The District will annually resample this data and redefine its status according to ESSA standards accordingly.

For additional information please visit the Iowa School Performance Profile website at: <https://www.iaschoolperformance.gov/Home/Index> or call/email the Central Office at 515-999-8022, [bradanderson@wghawks.school](mailto:bradanderson@wghawks.school)

### The State Requirements of Making Up School

#### When do we have to make up school hours and when do we not?

I frequently get asked the question about how and when do we as a school district need to make-up hours that are missed in a given school year and when do we not? Since our school has designated that we are on an hourly calendar, the answer is relatively simple in terms of what the law requires. This requirement states that accredited public schools must attend a minimum of 1,080 hours of instruction in a school year. So calendars that have more hours built into them have essentially built in the flexibility of additional hours to absorb in the event that hours are missed.

Since we have had a mild winter and have missed zero days so far (knock on wood) due to inclement weather we are sitting in great shape. Currently we have 12.75 hours built into the District calendar. Once these hours have been exhausted then we will be making up the additional time at the end of the current calendar year to meet the 1080-hour requirement.

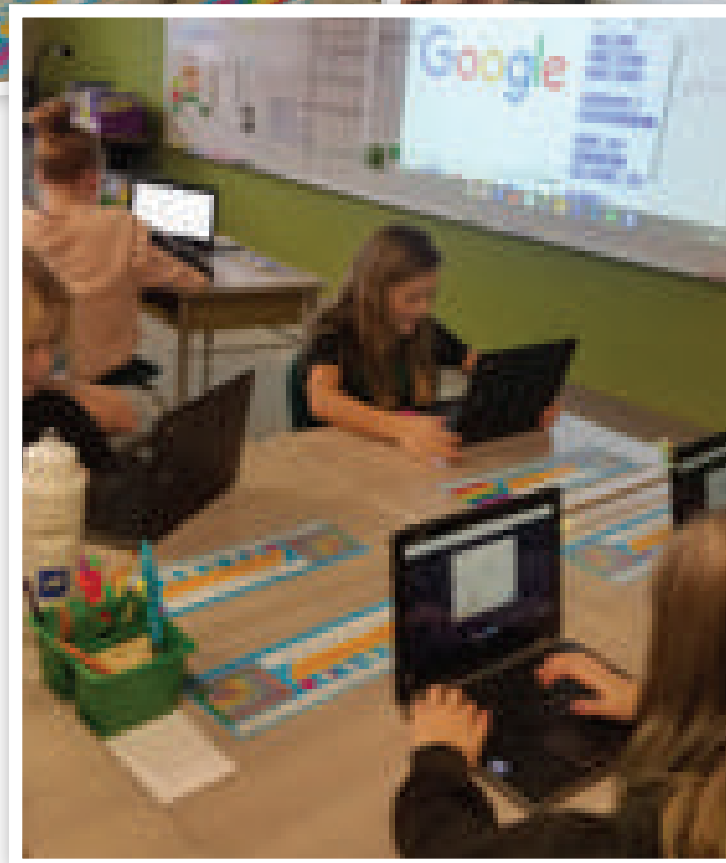

For more information regarding the hours vs. days legislative recommendations please visit the following link or contact the WG CSD Central Office at (515)-999-8022.

# Hour of CODE

Hour of Code is a global initiative. Its purpose is to educate students about technology, and specifically coding. Coding is the different languages that people use to make computer programs. Mrs. Petersen loves teaching our students technology skills. These 4th grade students are participating in

hour of code by designing their own Google logo. Prior to working on their logos, they learned how technology is a part of just about every industry. All K-5 students had the opportunity to participate in hour of code. It is amazing to see their minds at work.

# Noetic Math Teams

*Second Grade*

*Third Grade*

*Fourth Grade*

Woodward Granger is having a blood drive put on by Life Serve on Feb. 13th from 12:30-5pm in the HS gym. There will be a sign up for community members. Please call Tiffany at the high school 515-438-2115 if you have any questions.

# GRANDWOOD NEWSLETTER

Grandwood will provide functional and transitional learning experiences in a positive and structured environment while advancing student independence.

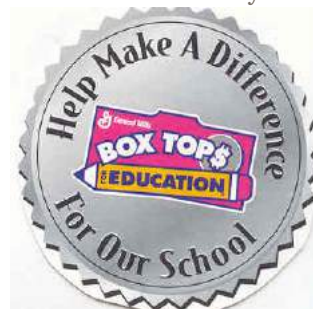

## WISH LIST

- Kleenex
- Hand Sanitizer
- Dry Erase Markers
- Notecards
- Plastic Silverware
- Binder clips
- Glue sticks

## JANUARY REMINDERS

Please contact your student's teacher for specific details.

One of our vocational sites is "Box Tops." Through this vocational site, students are able to work on sorting and counting skills. We are then able to turn these Box Tops in for cash for Grandwood! We can purchase extra items that can't be purchased with educational funds. Please watch on your regular purchased items for the small rectangle to cut. Send the Box Tops with your child to help keep the vocational site going AND earn cash for Grandwood! Thank you for your help!

## Visit from santa

*"It was no neat to see how much joy he brought the students and staff."- Mrs. Koenen*

During the monthly PBIS assembly Grandwood had a surprise visitor. Santa stopped in to visit Grandwood students and bring gifts before Christmas break. He brought new basketballs, soccer ball and other fun things for the students to play with at gym, free time and recess.
