*Fun Creating Shrinky Dinks with Dr. Adams*

# Students Use Creativity to Make Shrinky Dinks

Thank you to Dr. Adams for coming and teaching the students how they can be creative and make their own Shrinky Dinks! Who knew that a piece of take-out plastic and a toaster oven could create

such a fun project? He visited many classrooms and enjoyed working with Preschool through 5th grades. They certainly enjoyed it!

---

## HAWK HAPPENINGS

The winter break afforded me the opportunity to reflect on the first semester of school here at Woodward-Granger CSD. There was a tremendous amount accomplished the first semester of the 2019-2020 school year and the teachers and students worked hard to set the stage for a tremendous school year. It is clear we have students engaged in a lot of opportunities as we work tirelessly to building futures one student at a time in a supportive culture of high expectations. I'm looking forward to the second semester and know we'll continue to accomplish great things this spring.

One of the most well established findings from research concerns the opportunity to learn. If students do not have access to sufficient instructional time it can have an impact on student learning. Time is an important resource to accomplish our work at Woodward-Granger CSD. In consideration of time, we first look at the 'allocated time'. This would be the total time for teacher instruction and student learning. At W-G we've allocated 6.5 hours a day for our teachers and students to accomplish their work. For the 2020-21 school year we are proposing to start school 15 minutes earlier with classes in session at 8:15 am. As we've discussed this opportunity it was noted our students, for the most part, are already in school waiting patiently in the gym or hallways to be released to their classrooms to engage in learning. Allocating an additional 15 minutes a day would equate to over 44 hours of instruction during the 2020-21 school year.

Iowa Code has established a minimum standard for the amount of time students must attend school each year. Many of us grew up attending school for 180 days and can "fondly" remember

making up snow days at the end of the year to meet this minimum requirement. In recent years the legislature provided flexibility to Iowa schools by allowing districts to submit an 'hourly calendar' instead of a 'days calendar'. In an hourly calendar the minimum standard established by law is 1080 hours. W-G elected to submit an hourly calendar to the state and this year during the 2019-20 school year we have allocated 1084.5 hours. Unfortunately, the early November snow storm forced us to start school late and use two of the 4.5 additional hours built into the calendar.

Our current school calendar has a built-in snow day on Monday, January 20, 2020. During the December board meeting the board of directors approved using this available day as a day of instruction. **Classes will be in session on Monday, January 20th.** We felt it was important to communicate this early with families. I think this proactive approach is warranted considering Iowa winters. I hope we don't have to recapture too much time this year due to winter weather!

On the agenda for the January board meeting is a public hearing for the 2020-21 school calendar. Thank you to everyone that participated in our calendar survey. The survey results helped guide the calendar committee in the development of the proposed calendar.

We've all heard the old adage "Use your time wisely". At W-G we are committed to continuous improvement and will work relentlessly to ensure the time allocated to our teachers and students will be used effectively to build futures for our students!

Dr. Matt Adams, *Superintendent*

## Staff Holiday Party

On December 11th, Superintendent Adams held a staff holiday party, which included delicious food provided by Chef Ric Kerr, Tasteful Dinners (Ankeny, IA). Administrators and volunteers from the PTO served over 75 staff members after a fun filled holiday movie trivia game. Winners were Mindy Buck and Lori Nelson. Longest tenured staff, Lori Nelson and Sherri Geneser, were recognized also and left with a beautiful Poinsettia plant. The evening was concluded with an ugly holiday sweater contest. Winners were Tiffany Kiernan and Mindy Saak.

## W-G Staff donate to Cancer Resource Center

To help children whose parents are going through cancer, Woodward-Granger Staff members contributed \$470 to the William H. Bliss Cancer Resource Center in Ames before Thanksgiving. The

money will be used for resources to support children during an uncertain time in their parent or guardian's life. Cancer affects the whole family and this is one way we were able to support those children.

## Three represent W-G on 2019 Iowa Cheer Honor Squad

The Woodward-Granger High School Cheer squad sent three representatives to the 2019 Iowa Cheer Honor Squad. Senior Eliza Antonevica and juniors Olivia Clark and Maggie Halferty participated with nearly 300 other junior and senior cheerleaders from all across the state. All of these athletes came together in Ames on Sunday, November 17th for an all day practice during which they learned a five minute cheer-dance routine. The squad then gathered on Thursday, November 21st for a five hour practice to finalize formations and clean up the routine in Cedar Falls. These many hours of practice were all working toward the two performances on Friday during the halftimes of the 1A and 2A Championship Football Games. Participants received a t-shirt, bow, certificate, and medal. WGHS is proud to have been represented by Eliza, Olivia, and Maggie. Their effort and dedication to cheerleading were evident during their execution of the routine. Way to go, ladies!

## Dance Team Competes at Iowa Dance Competition

Dance Team performed two routines at the Iowa Dance Competition on Thursday, December 5th. They competed with a Novelty and a Contemporary routine. They received a prestigious Division I rating for their Contemporary. They worked very hard with lots of morning practices and look forward to performing at basketball half times after winter break!

## W-G Teams Earn Top Scores in Robot Game Competition

Two Woodward-Granger Middle/Elementary School teams accepted the challenge to learn about robotics, programming and engineering problem solving for FIRST LEGO league competition this fall. FIRST LEGO league is a STEM learning opportunity for 4th through 8th graders. At the competition each team can demonstrate what they learned about solving a real-world problem, show their inventions, and compete in the robot game. The teams are also scored on how well they worked together as a team and respected others throughout the competition.

Both Woodward-Granger teams represented our school well and can be proud of their accomplishments! The 4th grade team came away from the Waukee competition with the highest score and a trophy for the robot game. The 5th-8th grade team won two awards at their competition! They had the high score in the robot game and received the best robot design award. Each team member's hard work and the experience from our past years of competition really paid off this year. Thanks to our WG coaches, Cody Churchill, Katie Nygaard and Bob and Michelle Fitch, and to all the families who supported these students. Congratulations teams!!

Cale Hansen, Sam Casey, Cooper Finestead, Nathan Fitch, Jackson Bowsby, and Coach Michelle Fitch

# Woodward-Granger HS Business Education

Members of the Woodward-Granger Community:

My name is David Combs and I am the Business teacher at Woodward-Granger High School. For the upcoming second semester I am looking for local businesses and organizations to partner with in order to provide my students with some authentic learning experiences. These projects would be worked on in a course called "THE BUSINESS EXPERIENCE". The course is designed to give students the opportunity to experience the real workplace environment by working on projects that **YOUR** local businesses and organizations execute on a daily basis. However, in order to provide these authentic experiences for the students, I am looking for your assistance! I have included some attachments for you to read more about the program!

In regards to project requests, I do not want these authentic experiences to create extra work for you or your business but allow students to approach projects that your business is already trying to complete! For example the projects could be:

- Innovations or Modifications to current products/services.
- The bottom of your "To Do Lists" that you just haven't gotten to.
- Current activities that you feel need a new perspective, reboot or iteration.
- Other day to day activities that you feel could be great experiences for high school students including (ex. research/analyze customer data, creating a loyalty program, desktop publishing, advertising, redesign of spaces, merchandising, or any other project/task that you need completing!

If you have a project in mind, follow the link below to fill out the project information for my students or you can always head to my website, [combsbusiness.org](http://combsbusiness.org) and visit THE BUSINESS EXPERIENCE page to complete the project request form as well.

## Project Request Form

I am looking forward to partnering with your organizations in order to provide our students with the authentic learning experiences that will better prepare them for the 21st century workplace! If you have any questions or want to meet with me to learn more, please don't hesitate to get in touch!

Thank you,

David Combs
