

Hawk Happenings

A monthly publication of the Woodward-Granger Community School District

November 2019

Iowa author Katherine Hannigan visited our K-5 students.

HAWK HAPPENINGS

At the beginning of every school year there is a lot of discussion centered on establishing goals for the upcoming year. Parents give careful consideration to the goals they have for the children as they enter a new school year. Teachers are focused on establishing a learning community that supports the needs of every child in their classroom.

Likewise, principals evaluate the overall condition of learning and develop plans for continuous improvement within their buildings. Even the board of education spends time discussing what they want to accomplish in a new academic year. November is a great time of year to pause and reflect on the progress of our goals and ensure efforts are aligned to the priorities we established at the beginning of the year. The Woodward-Granger Board of Directors worked closely with the Iowa Association of School Boards to identify our goals for the 2019-2020 school year.

Board Goal A: Cultivating support that ensures strong, successful student learning

To accomplish this goal, learning must become personalized for each and every student. It becomes personalized when teachers know what students can and can't do in the classroom and respond with appropriate and timely instruction. This demanding work can not be done in isolation. Teachers organize themselves in professional learning communities (PLC) and develop common formative assessments to conduct frequent checks for understanding. This allows for a flexible, responsive approach to teaching and learning. To be successful in this endeavor, principals and teachers must participate in a continuous improvement cycle to grow the knowledge and skills necessary to meet the individual needs of all students.

Board Goal B: Growing a culture of ongoing development of staff

Our greatest asset as a school district is our staff and faculty. We have a lot of talented educators currently in our system. Additionally, we need to continue to attract other talented educators to join our district and contribute to our efforts in becoming a premier school district in the metro area. Retaining our talent is equally important. We want to make

sure we provide staff with the resources and supports necessary to do their jobs at high levels. Resources and supports can come in the form of supplies and materials, professional development or even emotional support. I believe teaching is the toughest job on the planet and we need to make sure we are recruiting and retaining a talented workforce to meet the demands of the job.

Board Goal C: Exploring, prioritizing and implementing programs to meet the full range of student needs

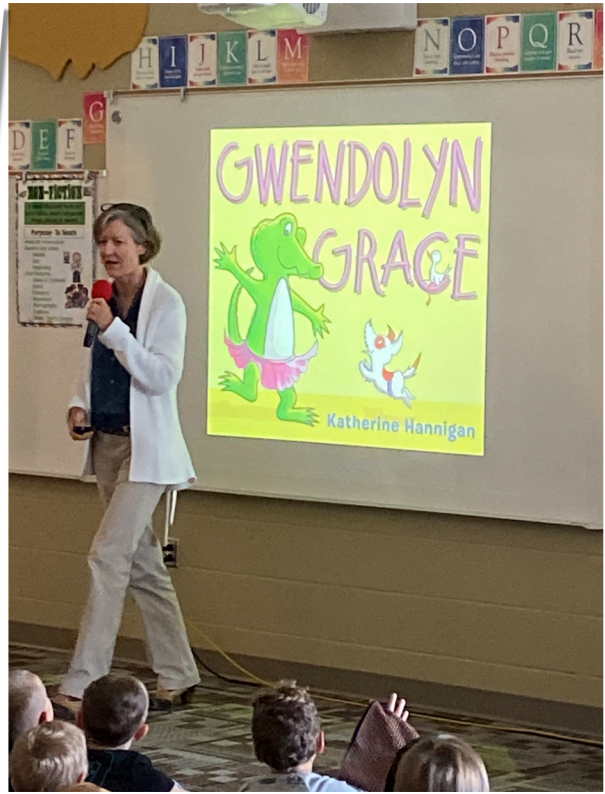

In today's schools we are preparing students for jobs that currently do not exist. We need to expose our students to a wide variety of experiences and opportunities. When we consider 'building futures one student at a time' we must recognize every student may choose a different path to that future. The challenge is providing programming that meets the needs of students regardless of the chosen path. In preparation of our changing, dynamic society we must provide programming that will enhance their experience beyond high school.

Board Goal D: Advancing a strong community-school partnership (emphasis on strengthening trust)

We're proud of our school district and we have a great story to tell. The parents and families of Woodward-Granger CSD entrust the school district with their most valued possession- their children. We want to work in partnership and recognize the value of harnessing our collective resources to accomplish our goals. We are better together. We want to create a safe and welcoming environment for all of our stakeholders and invite participation. We also want to share the Woodward-Granger story with our community.

Throughout the 2019-2020 school year these goals will be driving our efforts. If you attend a future board meeting you'll probably see various presentations from the buildings. One common theme in the presentations is a strong focus on the board goals. These goals help us focus our energy and efforts. We're off to a great start at W-G and I look forward to continued successes in our classrooms and buildings!

Dr. Matt Adams, *Superintendent*

On October 14, Iowa author Katherine Hannigan visited our K-5 students in the Elementary Library. She shared with them her inspiration for her stories, her writing and illustrating process, and a little about her life and pets in Fayette, Iowa. Students were able to purchase books which she then signed and personalized for each of them. If you missed the chance to purchase her books, they will be available at the Scholastic Book Fair during conferences.

Counselor Corner

The topic for this month is to discuss what it means to be a good friend. Students will have an opportunity to discuss what a good friend is, says, does and examples of not being a good friend. As part of this discussion, students will also learn about the basics of bullying and how to handle conflict.

At home discussion:

- A good friend is kind, friendly, respectful ...
- A good friend says please, thank you, I am sorry ...
- A good friend does work hard, helps others, shares ...
- A good friend is not mean, impatient, rude ...

Be on the lookout for information about our monthly topics and information from our district-wide initiative on bullying/harassment.

Feel free to contact me if you ever have any questions or concerns.

ARTIST SPOTLIGHT

The spotlight is on Jenae Jones! Eleven students participated in a pumpkin painting contest where staff were invited to vote for their favorite pumpkin. Jenae won first place, but her dedication to the art room goes beyond just this contest. Jenae shows up everyday to her design studies class and gives her all. Through patience and perseverance she creates art that is not only appealing to her, but art that makes other students stop in the hall to admire her work.
Great job, Jenae!

HOMECOMING ACTIVITIES

What a great start to the 2019-2020 school year in the WG Business Program! As the program has evolved over the last 9 years, we have strived to create as many authentic learning experiences as we can to make student learning real. This fall, students in Personal Finance, Business Computer Applications, Marketing, Sales/Workplace Communications, and Accounting have already had chances to work with and visit a number of businesses in the community including:

- Minburn Communications
- E-Bank
- Picket Fence Creamery
- Casey's Corporate
- Sassy Ensembles

We look forward to even more opportunities throughout the school year and I can't thank these community partners enough for their support for the WG Business Program! As a show of our program's gratitude, we established a community partner "Logo Wall" in the high school to demonstrate the value of these community partnerships to our program and student learning.

The WG Business program is constantly looking to further these community connections and if **you, your business, or your employer** want to become part of these authentic experiences, we would love to hear from you! These connections become incredible experiences for students and a tremendous opportunity to authenticate student learning!

Specifically during the second semester, THE BUSINESS EXPERIENCE students participate in a completely project-based learning experience where community partners provide the learning experiences and students get the opportunity to apply their skills in completing these authentic tasks!

If your business or your employers have any projects that you just can't get to on your to do list, need a fresh perspective or would be a great challenge for high school business students, we would love to the opportunity to take it on!

Thanks again to all our community partners and stop by the high school to see our "Logo Wall" continue to grow!

davidcombs@wghawks.school

6th Grade Bike Ride

How does 80 6th grade students and 10 adults all on bikes at one time on the High Trestle Trail sound to you? For Woodward-Granger Middle School, it sounds like an annual fun time! On October 4th, the 6th grade teachers, along with parent volunteers, took a bike trip with the 6th grade class from W-G middle school all the way to Madrid and back. The total trip was 13 miles - maybe the farthest some of these kids (and adults!) have ever biked in one day!

6th grade math teacher Katie Nygaard is the mastermind behind the trip. She has done this bike ride every year since she has been at W-G. The bike ride promotes outdoor recreation on one of the best bike trails in the state of Iowa, healthy activity, and proper biking etiquette on a trail along with safety. Thankfully, we had parent volunteers at each road passing to help direct students and traffic making for a safe ride.

The students stopped at the overlook of the river (pictures attached) for a group picture, and then again in Madrid for a snack and hydration. We made it back in time for the end of the school day where we loaded all the bikes to be transported back to the elementary for kids who live there to be picked up while Woodward students were picked up at the middle school. A HUGE Thanks to all the teachers and parents who made this day possible! Bike on!

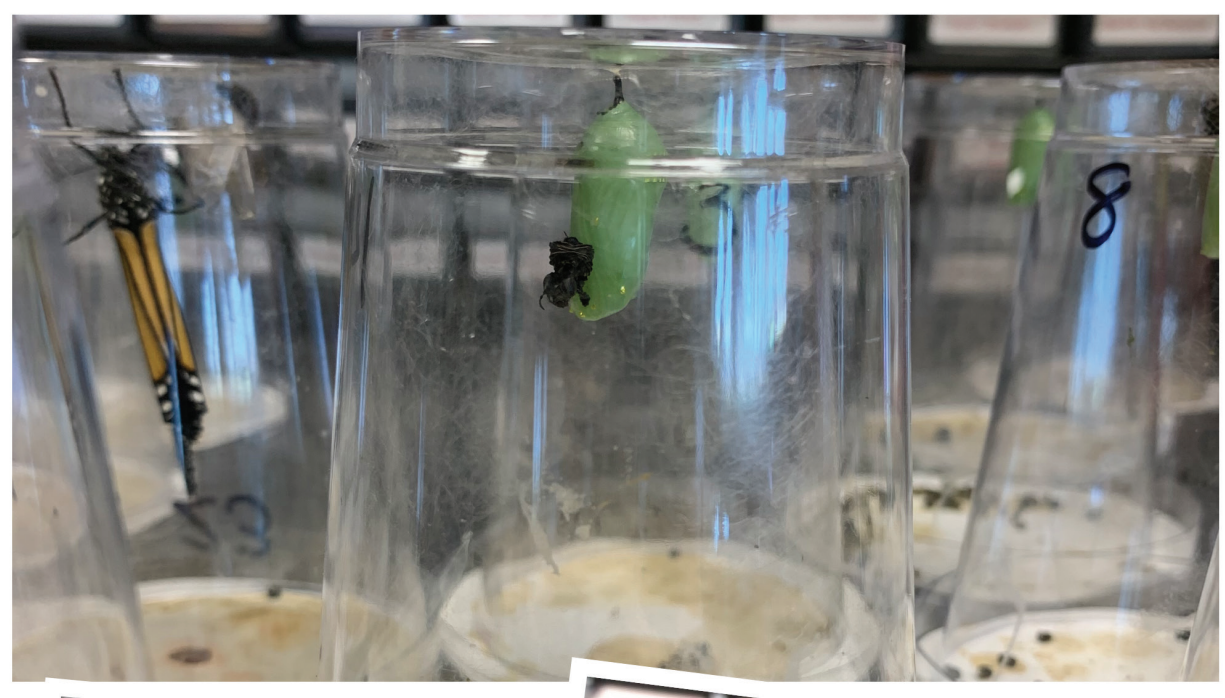

2nd Grade Butterfly Garden

The second-grade teachers were the lucky recipients of a \$500 grant from the W-G Foundation last fall. Our grant proposal was written for money to be used for a field trip to watch a play about butterflies and to design and construct a butterfly garden for the second graders (and butterflies!) to enjoy. Due to the weather last spring, we had to put our plans on hold. This past summer the teachers designed and constructed the garden and the students have enjoyed watching the many butterflies come and enjoy the flowers. One day we counted 15 out there at once! We are extremely fortunate to have received this and will be able to enjoy it for many years to come.

This is our second year raising Monarch caterpillars from egg to adult and we have been very successful. We have loved watching the tiny caterpillars hatch from their eggs and go through all the stages in their metamorphosis as we fed them milkweed. The students watched the chubby caterpillars change into their emerald green chrysalis and then emerge as beautiful butterflies. We have learned so much about these insects and hope that we can help to rebuild their population.

Woodward-Granger 2019-20 Multiple Activities Schedule
(as of 10-18-2019)

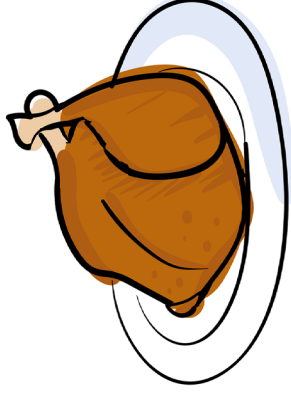

Activity	Time	Versus	Location	Location Detail	Comments
FRIDAY, NOV 01, 2019

Pick healthy sides for the holidays

Here's how you can put 5-2-1-0 into action this month:

WHY IT MATTERS:

5-2-1-0 Healthy Choices Count! encourages us to eat five servings of fruits or vegetables every day. A diet rich in **fruits and vegetables** provides vitamins and minerals, important for supporting growth and development, and for optimal immune function in children – especially as we head into cold and flu season!

Here are some additional resources to help your family eat more fruits and vegetables:

- Kids are more likely to be excited about a fruit or vegetable side dish they helped prepare. Get the whole family involved in holiday food prep with these [“Cooking With Kids”](#) tips.
- Fruits and vegetables don't have to be fresh to provide nutritional value! Frozen or canned produce are a good choice year-round – [here are some ways to use them.](#)
- These fruit and vegetable-based recipes are kid-tested and parent-approved! [Try them out.](#)

SIDE DISH RECIPES:

The [Spend Smart](#). [Eat Smart](#). website is full of free resources including meal planning templates, shopping tools, budget trackers and, of course, healthy and affordable recipes!

Try these **3** family-friendly side dishes at your next holiday gathering. Click to view the full recipe online:

[Holiday Fruit Salad](#)

[Homemade Mac & Cheese with Greens](#)

[Stuffing with Vegetables](#)

These recipes are provided by Iowa State University Extension and Outreach. For more recipes like this, visit the [Spend Smart](#). [Eat Smart](#). website at [spendsmart.extension.iastate.edu](#). [Spend Smart](#). [Eat Smart](#). is a registered trademark of Iowa State University.

The 5-2-1-0 Feature is brought to you by:
