

Hawk Happenings

A monthly publication of the Woodward-Granger Community School District

October 2019

Woodward-Granger 6th, 7th and 8th grade art classes created a mural representing artist Keith Haring's artwork.

Keith Haring

Born on May 4, 1958, Keith Haring was a very unique artist. He was a street artist and did subway art. Sadly this outgoing artist died in 1990 at the age of 31 due to AIDS-related complications. Although he has passed away, his art is still relevant. With his art the face of the Best Buddies program, or the recent American Eagle clothing line.

Our audience, the people of Woodward Granger schools have a lot of pride in the things we do.

We made this person with inspirational quotes around the body to represent that they're always going to be people around you to boost you up. We want to make sure that no one is alone.

The principle of design we studied was movement, and the elements of art used are line and shape. So in our drawings, we all made it look like certain parts of

the body were moving, so with our lines and curves around the body, it shows that those certain body parts are moving. The shapes draw attention and explains the meaning of our pictures. So all the shapes and lines and movements explain how our picture came to be.

This collaborative mural was brought to you by the 6th 7th and 8th grade art classes, with the artist statement by the 8th grade art class.

HAWK HAPPENINGS

We've had a great start to the 2019-2020 school year. It seems like everyone transitioned back into the routine of school and high levels of learning are occurring on a daily basis. Now that we are back in full swing I wanted to encourage parents to find a way to partner with the school(s) and become actively involved in their children's education.

Ongoing research shows that family engagement in schools really does matter. Students with strong parental involvement have a higher overall achievement in school. It starts by setting high educational standards and goals with your children and fostering the achievement of those goals. Students with involved parents or other caregivers earn higher grades and test scores as well. Caregivers can monitor academic scores through Infinite Campus to ensure their child is on track. This approach can reduce absenteeism as well as increasing homework completion. It's important to regularly encourage learning with your children.

Students with strong parental support have a higher level of self-esteem in all aspects of life. They have better social skills and exhibit appropriate behavior in school. This also contributes to a lower probability that they will get into trouble outside of school. Last, students are less likely to drop out of high school when they have strong support at home. It is critical for every student at Woodward-Granger CSD to graduate high school!

Active involvement may restore parents' confidence in their children's education. It is important for teachers and parents to develop and foster a strong relationship and keep in touch with each other regarding student progress. We all want success for our children and it's critical we work together in this endeavor. Further, active involvement allows an opportunity for parents to advocate for improvements in the school building and with local school boards to ensure schools have the resources they need to provide a world class education for every student.

Active involvement doesn't necessarily mean being at the school either! The most significant type of involvement is what parents do at home. By monitoring, supporting and advocating, parents can be engaged in ways that ensure that their children have every opportunity for success. According to researcher John Hattie, parents can have a positive effect on student learning just by having high aspirations and expectations for their children.

Woodward-Granger CSD is building futures one student at a time and we want to partner with you in this challenging endeavor.

Dr. Matt Adams, *Superintendent*

July 5, 2019

Parent/Guardian Open Enrollment Information

Deadline and Cost

- Grades 1-12 March 1st
- Kindergarten and preschool school students with a special education IEP: September 1st.
- Parents/guardians must send a copy of the application to the resident and receiving districts.

Exemptions to Deadline

Good Cause:

An open enrollment request for a prospective **kindergarten** student must be filed with the resident and receiving district by September 1 of the school year of enrollment into kindergarten. 281-IAC 17.7

The following circumstances are considered "good cause" and are acceptable conditions for a timeline waiver IF the change occurred / began AFTER March 1. 281-IAC 17.4

- Change in family district of residence
- Change in the marital status of the student's parents resulting in a change in resident district
- Placement of the child in foster care resulting in a change of residence
- Adoption
- Participation in a foreign exchange program
- Participation in a substance abuse or mental health treatment program resulting in a change of residence.
- Serious health need (see #15)
- Pervasive Harassment (see #14)

Failure of district negotiations to reorganization or rejection of a proposed reorganization plan after March 1. *Open enrollment request must be filed within 45 days of the last board action or within 30 days of certification of an election, whichever is applicable. This is only applicable to affected students.*

- Failure of district negotiations for whole grade sharing or rejection of a whole grade sharing agreement after March 1. *Open enrollment request must be filed within 45 days of last board action or within 30 days of certification of an election, whichever is applicable. This is only applicable to affected students.*
- Loss of accreditation or permanent closure of a private school after March 1.

Pervasive Harassment

The resident district determines if the applicant qualifies under the criteria of repeated and pervasive harassment. The following guidelines are used to determine if an applicant qualifies under the "good cause" provision. A parent or guardian who files an application for open enrollment after the March 1 deadline and alleges repeated acts of harassment is entitled to a hearing before the resident school board to prove the application should be granted. In re Hannah T., 25 D.o.E. App. Dec. 26 (2007).

- a The harassment must have occurred after March 1 or the student or parent is able to demonstrate that the extent of the harassment could not have been known until after March 1.
- b The harassment must be specific electronic, written, verbal, or physical acts or conduct toward the student which created an objectively hostile school environment that meets one or more of the following conditions:
 - 1 Places the student in reasonable fear of harm to the student's person or property.
 - 2 Has a substantially detrimental effect on the student's physical or mental health.
 - 3 Has the effect of substantially interfering with a student's academic performance.
 - 4 Has the effect of substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.
- c The evidence must show that the harassment is likely to continue despite the efforts of school officials to resolve the situation.
- d It can be reasonable anticipated that the changing the student's school district will alleviate the situation

The school board must be provided with the facts and circumstances of the case before making a decision. In re 27 D.o.E. App. Dec. 960 (2016)

Severe Health Need

An applicant may qualify under the severe health need provision if all of the following exists. An official in the **resident** district determines if the applicant qualifies under the criteria of severe health need. In re Anna C., 24 D.o.E. App Dec 5

- a The serious health condition of the child is one that has been diagnosed by an appropriate healthcare provider, and the diagnosis has been provided to the district of residence.
- b The serious health condition is neither short-term nor temporary.
- c The district has been provided with the specifics of the child's health needs caused by the serious health condition and knows, or should know, what specific steps its staff must take to meet the child's needs.
- d School officials, upon notification of the serious health condition and the steps to be taken to meet the child's needs, must have failed to implement such steps or, despite the district's efforts, its implementation of the steps was unsuccessful.
- e A reasonable person could not have known before March 1 that the district could not, or would not, adequately address the child's health needs.
- f It can be reasonably anticipated that a change in the child's school district will improve the situation.

Each case is to be decided on its own merits, keeping in mind that 282.18(5) is the one subsection of the Iowa Code in which the Legislature has specifically admonished districts and the State Board to act "in the best interest of the affected child." Where there is doubt, the benefit of that doubt is to be accorded to the child.

Appeal Process

Unless the application for open enrollment claims harassment or if the child has a serious health condition that the resident district cannot adequately address, all appeals are filed as an original court action in Iowa District Court. [District Court Appeals](#) should be filed in district court in the county in which the primary business office of the resident district is located. 281-IAC 17.3(2)

Appeals regarding **harassment or serious health condition** may be filed with the Iowa Department of Education within 30 days of the board decision. 281-IAC 17.5(2) If the application is denied by the resident district for either of these reasons, the parent / guardian may appeal to the local board of directors. If an application is denied by the local board of directors, the applicant may appeal to the State Board of Education. The appeal should be addressed to: Administrative Law Judge, Department of Education, Grimes State Office Building, 400 East 14th Street, Des Moines, IA 50319-0146. The letter of appeal must

Iowa Department of Education guidance should be viewed as advisory unless it's specifically authorized by state statute, according to Iowa Code section 256.9A as enacted by Senate File 475. This does not apply to administrative rules, declaratory orders, or materials required by federal law or courts.

be postmarked within 30 days of the board decision. The appeal letter must contain the following information:

1. Name, address, and daytime phone number of the person appealing
2. Name and grade level of child/children involved in the appeal (in case of expulsion, open enrollment, suspension, etc.)
3. Name of the school district making the board decision that is being appealed
4. Date the local board decision was made
5. Brief statement of reasons why the decision is being appealed
6. Notarized signature of the person appealing the decision
7. Other information may be included if desired

Athletic eligibility

Students who open enroll in grades 9 through 12 **shall not be eligible** to participate in **varsity** contests and competitions during the first 90 school days of transfer unless an exception applies allowing immediate eligibility. For a list of exceptions to this rule please see Iowa Administrative rule 281---36.15(4). During the 2016 legislative session a new exception was added to this list for open enrolled students that was passed by the legislature and signed by Governor Branstad which allows a student who has open enrolled to be immediately eligible "if the district of residence determines that the pupil was *previously* subject to a founded incident of harassment or bullying as defined in section 280.28 while attending school in the district of residence." Iowa Code 282.18 subsection 11. [Guidance on athletic eligibility due to pervasive harassment](#).

For other questions regarding eligibility please contact the Iowa Girls High School Athletic Union at (515) 288-9741 or the Iowa High School Athletic Association at (515) 432-2011.

Transportation

Parents are responsible for transporting children open enrolled to another district. This applies to all students including those with an IEP. If the need for transportation as a related service is stated in the IEP, as a general rule, the parent is responsible for this obligation under open enrollment. 281-IAC 17.11 If a child open enrolls to a district that is contiguous (borders) to the home district and the parents' income meets economic eligibility requirements, the family may receive a stipend for transportation or be provided transportation by the resident district. (See the transportation assistance guidance. 281- IAC 17.9)

Open Enrollment Transportation Assistance

Eligibility

The parent/guardian of a pupil who has been accepted for open enrollment shall be responsible to transport the pupil without reimbursement, except for those pupils that meet the eligibility requirement listed below. 281 IAC 17.9

Household Size	Yearly	Monthly	Twice Per Month	Every Two Weeks	Weekly
1	21,108	1,760	880	813	407
2	28,578	2,382	1,191	1,100	550
3	36,048	3,004	1,503	1,387	696
4	43,518	3,627	1,814	1,674	837
5	50,987	4,250	2,126	1,962	982
6	58,457	4,872	2,436	2,249	1,125
7	65,927	5,495	2,748	2,536	1,269
8	73,397	6,117	3,059	2,824	1,412
Additional family member	7,470	623	312	287	144

These guidelines reflect the revisions made in the Federal Poverty Guidelines that is effective for July 1, 2019 through June 30, 2020. **These guidelines are NOT the same as the guidelines for Free and Reduced Fees**

Definition of Income

"Income" means income before any deductions such as income taxes, social security taxes, insurance premiums, charitable contributions and bonds. Income includes the following:

Iowa Department of Education guidance should be viewed as advisory unless it's specifically authorized by state statute, according to Iowa Code section 256.9A as enacted by Senate File 475. This does not apply to administrative rules, declaratory orders, or materials required by federal law or courts.

1. Monetary compensations for services, including wages, salary, commissions or fees
2. Net income from non-farm self-employment
3. Social Security
4. Dividends or interest on savings or bonds or income from estates or trusts
5. Net rental income
6. Public assistance or welfare payments
7. Unemployment compensation
8. Government civilian employee or military retirement, pensions, or veterans payments
9. Private pensions or annuities
10. Alimony or child support payments
11. Regular contributions from persons not living in the household
12. Net royalties
13. Other cash income including income from farming. Other cash income would include cash amounts received or withdrawn from any source including savings, investments, trust accounts and other resources. Income does not include any income or benefits received under federal programs that are excluded from consideration as income by any legislation prohibition.

Types of Transportation Assistance

The resident district has the right to determine which option will apply. This is not a parent / guardian choice. Transportation assistance for those who qualify according to income guidelines (see chart above) is available only **between contiguous districts** and shall be deducted from the amount sent to the receiving district. In case of road construction or road relocation, a receiving district may drive into another district to pick up open enrollment students if, and only if, there was road construction or road relocation that makes this necessary.

The resident district may discharge this obligation in one of three ways:

1. The resident district may actually provide transportation for the pupil(s) to a stop on the bus route of the receiving district.
2. The resident district may allow the receiving district to enter the resident district to pick up the open enrolled pupil(s). (Failure of the receiving district to decide to do this will not discharge the resident district's obligation for transportation assistance.)
 - o The resident district may provide a parent / guardian reimbursement. If this option is selected by the resident district, the amount to be paid to the parent is determined as follows:
 - o The transportation reimbursement amount shall be the state calculated average as determined in 285.1(3) or the local cost per pupil for the previous year as specified on the resident districts Annual Transportation Report, whichever is lower. The amount for 2018-2019 was \$521 (annual). The 18-19 amount will be released in January 2020.
 - o This amount is limited to reimbursement for three elementary (K-8) students and one secondary (grades 9 -12) students.
 - o The amount of transportation assistance can be prorated according to the date of application submission.
 - o Transportation assistance costs incurred by the resident district may be deducted from the cost per pupil amount it is required to send to the receiving district for an open enrollment regular education pupil. This may be prorated after the start of the year. Transportation assistance costs on students with IEPs cannot be deducted from special education tuition.

Process to apply for Transportation Assistance

If a parent/guardian qualifies for transportation assistance, the request assistance is filed with the resident district. Verification of income should be attached to the open enrollment application. Parents should be reminded that the district must be notified if the family income changes by \$50 or more per month. Parents may apply for transportation assistance by indicating on the application and attaching verification of income. It is recommended that the parent complete a free and reduced lunch application if one has not been filed.

Iowa Department of Education guidance should be viewed as advisory unless it's specifically authorized by state statute, according to Iowa Code section 256.9A as enacted by Senate File 475. This does not apply to administrative rules, declaratory orders, or materials required by federal law or courts.

Transportation assistance is only available to families who open enroll between contiguous districts. The cost of transportation reimbursement incurred by the resident district should be deducted from the tuition sent to the receiving district. For students with an IEP eligible for transportation assistance, resident district pays as special education cost and is not deducted from the actual tuition costs.

Transportation required on the IEP is waived when a student is open enrolled so that has nothing to do with this. It is only for transportation assistance under Open Enrollment that the resident district becomes involved again.

Grandwood's Newest Teacher!

Hello,

My name is Hannah Carlson. I went to school for Elementary Education at Iowa State University (Go Cyclones!), and I graduated last December. I then took a position as a Title 1 teacher at St. Joseph Catholic School in Des Moines. In June, I accepted a position as a teacher at Grandwood. I am so excited about the opportunity to begin my teaching career at such a wonderful school. Last May, I got married to my best friend and we have recently added a four-legged fur baby to our family. I am so excited to finally begin my career in such a wonderful community!

WG DRAMA DEPARTMENT PRESENTS:

Friday and Saturday
November 1-2, 2019
7:00 pm

Donations of STEM kits

Guthrie County REC donated STEM kits to the Woodward-Granger junior high school to help students learn more about electricity and renewable energy. Woodward-Granger selected unique kits to fit our curriculum needs. This project was funded by CIPCO, Guthrie County REC's power supplier, through an energy efficiency program.

Guthrie County REC Director Julie Kiley is pictured with Travis Wunschel 7th/8th Grade Science Teacher at Woodward-Granger.

Guthrie County REC is proud to help students learn more about the changing energy landscape and their potential roles within it.

This year the middle school tried something new, an all-school read! The book chosen for this year was Fish in a Tree by Lynda Mullaly Hunt. On August 23rd we kicked off the program with an assembly and skit. Since then students and staff have been reflecting and reading together every day. Some of the highlights include trivia videos provided by

Mr. Mohling, which got the kids engaged and thinking about the reading for the day. It was also inspiring to see every middle school student and teacher carrying around the same book. Our final celebration featured an assembly, a tasty treat--cupcakes, and a group photo. We are looking forward to finding our next book to continue this program again next year!

HS Government Class

On September 18th, the high school government students got to travel to the Iowa Supreme Court to listen to live oral arguments in a Supreme Court case. The case was about Michael Goodwin Jr. who was appealing his sentencing in his murder conviction with lawyers arguing that it was an unconstitutional sentence and the state arguing that both lawyers agreed to it at his original trial. They were unable to take any photos inside of the courtroom, but we were able to get a picture outside the building. The students also met with two appeal attorneys after the case and were able to ask questions about the proceedings and what they saw in the courtroom. This was a great experience for our students that hopefully we will be able to continue in the future!

Woodward-Granger 2019 Multiple Activities Schedule
(as of 09-18-2019)

Activity	Time	Versus	Location	Location Detail	Comments
TUESDAY, OCT 01, 2019					
Volleyball: Girls Freshman Match	5:00pm	Ogden	Ogden High School
