New School Year....HUGE WELCOME!

By W-G Superintendent
Brad Anderson

With the 2018-19 school year underway, I would like to take the opportunity to welcome all new and returning students, staff and families to Woodward-Granger Community School District.

This year the school board at their regular August meeting established and approved five clear and measureable long range goals for the District to aspire to. These goals include the following:

- A. Cultivating support that ensures strong, successful learning one student at a time. (Teaching & Learning)
- B. Growing a culture of ongoing development and retention of staff. (Staff Retention)
- C. Exploring, prioritizing, and implementing enrichment programs to meet the full range of student needs. (Enrichment)
- D. Advancing a strong community-school partnership. (Community)
- E. Proactively planning for District growth. (Infrastructure)

These goals will serve as the driving focus and accountability to enhance the overall Pk-12 education system for students and families at WG throughout the school year. The Board will be addressing these goals in some capacity throughout their meetings and encourage your feedback and participation. For a full list of annual meetings please see <http://www.wghawks.school>

Helping to lead our goal-focused school year will be a new core staff of (17) seventeen certified and

(14) classified staff members. We are thrilled to have these individuals as part of the Woodward-Granger family and would encourage community members and families to get to know these quality educators throughout the school year.

As with any school year there are also challenges. As a growing District our #1 priority is our students and families. We strive to earn your trust by being transparent, communicating in a variety of formats and following through on what needs to be done in the best interest of your child/ren. We focus on student safety, a well-rounded experience for children and meeting academic needs, "one student at a time." We kindly ask you to consider participating in our (2) two School Improvement Advisory meetings held in the fall and spring or our ELC/Elementary or MS/HS Open forums scheduled throughout the year. We value your input and intend to continue to develop this relationship.

In closing, I would like to express to all Woodward-Granger patrons that we are extremely proud of our students, families, communities and schools. We are constantly trying to improve our practices in order to better meet our student's needs. Please do not hesitate to contact the school with your questions, comments or concerns.

Have an outstanding school year!

If you have any further questions with regard to this article or the District newsletter please contact Brad Anderson, Superintendent at (515) 999-8022 or at bradanderson@wghawks.school.

Changes coming to the MS/HS Library!

After many, many years of hard use, the MS/HS Library has started Phase 1 of its remodel. In the next month we will be installing a new circulation desk, new nonfiction shelving, and new tables and chairs. Phase two and three will include replacing the remainder of the fiction shelving, additional tables and chairs (cafe style) and soft seating. With a little touch of paint, the library should return to being a learning commons and collaboration area student and staff can be proud of.

Library Website under construction:

The website host that we used for the libraries last year has begun charging for their use, so we will be transitioning to Google Sites soon. (The current website still has valuable information on it, it just can't be edited.) We'll let you know when the new site is up and running, as well as include a link on the district website.

GRANDWOOD'S GROUNDBREAKING CEREMONY

When I began working with the Grandwood team about 3 years ago, I couldn't imagine being at the point of this groundbreaking ceremony. While our program has already expanded and our waitlist continued to grow, we started exploring options to serve more students. Eric Evans brought up the idea of asking around for individuals who would donate or build a building with leasing in mind. I chuckled and here we are today! Thank you, Mr. Evans, for not allowing that to be a laughed off thought and continuing to ask and push for a new building.

After a few months of trying to make this dream a reality, John Kline came to Grandwood and saw the amazing work from our team and our wonderful students. Thank you John for believing in our program, helping us through the process, and allowing us to build on your land!

There were many steps along the way to make this a reality! Thank you to Brad Anderson for not laughing off the suggestion and aiding in this process! Thank you to the Woodward-Granger School Board for knowing the impact Grandwood has on so many districts and knowing how we will be able to assist more and more students with the expansion possible with this building. The Consortium as a whole deserves a huge thank you for knowing the need for continued growth with our program. Thank you to Edge Commercial, especially Ward and Chris, for your understanding and time.

Thank you to the Grandwood Team! When I think about my career in education, I can't think of a more dedicated group of individuals who are truly here for the students. The excitement that all of us share, knowing how much this building will impact our students, is overwhelming!

Finally, Jared Johnson, without you this definitely wouldn't be possible. Your investment, donations, time, energy and so much more are appreciated by each and every one of us! What was once a dream has come to fruition today thanks to you!

A Little Reminder

FROM
OUR

Dear Grandwood Families,

Now that the school year is in full swing and germs are spreading, I wanted to send out a quick letter to review our health policies.

When does your student need to be excluded from school?

- When there is a fever over 100.4 degrees temporal
- Pink eye diagnosed by a physician's office until treatment has been started
- Presence of a contagious disease
- Vomiting and/or diarrhea
- Draining or untreated wounds
- Rash with fever and/or behavior change
- Emergency illness or injuries

The student may not return to school until they have been free from fever, vomiting, and/or diarrhea for 24 hours. Students must be fever-free for 24 hours without the aid of fever reducing medications (i.e. Tylenol, Acetaminophen, Motrin, Advil, Ibuprofen).

Does my student need to be excluded for head lice?

*We do not exclude for head lice but it must be treated prior to the student returning to school.

Why does the school nurse keep contacting me when my student hits their head?

*Policy states that all head injuries shall be reported to a parent and/or guardian, no matter how big or small the bump.

Can the nurse administer medication to my student at school?

*Yes. Please make sure medication is in its original container that has directions. If it is a prescription, please make sure it has a prescription label. Parental permission is also needed to give ANY medication at school.

With cold and flu season quickly approaching, please review proper handwashing with your student at home. Please let me know if you have any other questions or concerns!
